

## DADDY PETE'S PINE BARK MULCH

Mulch and condition your soil and plants with Daddy Pete's Pine Bark Mulch. Mulch reduces water loss from the soil, and also helps prevent certain soil-borne diseases by acting as a barrier between the soil and the plant. Pete's Pine Bark Mulch insulates the roots of plants from extreme heat and cold, and it reduces weed competition by blocking light and by preventing some weed seeds from germinating.

Mulch provides a number of benefits to the landscape. From the water conservation standpoint, mulch prevents evaporative water loss from the soil. It also prevents certain soil-borne diseases by acting as a barrier between the soil and the plant. It insulates the roots of plants from extreme heat and cold, and it reduces weed competition by blocking light and by preventing some weed seeds from germinating.

Mulched barriers around trees and structures also prevent mowers and trimmers from causing mechanical damage.

One bag covers approximately 6 sq. ft. when applied 4" deep.

## INGREDIENTS

- PINE BARK MULCH

## AVAILABLE BAG SIZES

\*Also available in bulk.

## PRODUCT USES

*Mulching*
