

# DADDY PETE'S ROASTED SAWDUST

Daddy Pete's Roasted Sawdust is a natural sawdust with no chemicals added, that is roasted and then bagged in its pure, organic state.

It is roasted to a temperature of 160°F to kill harmful pathogens and mold spores. The process of roasting prepares the sawdust to be a more absorbent bedding for animals. Our roasted sawdust works great as bedding for horses, dogs, and other pets and livestock animals.

One bag covers approximately 6 sq. ft. when applied 4" deep.
